The longest-running show in the history of Broadway's Plymouth Theatre, **Jekyll & Hyde** broke the house record on three occasions and ran for over 1,500 performances. The show won a legion of repeat visitors, dubbed by the press as "Jekkies", with some hardcore fans seeing the show hundreds of times.

David Hasselhoff made his Broadway debut in the title role, having first come to the attention of American audiences through his role as Dr. Snapper Foster on *The Young and The Restless*. He went on to star as Michael Knight in the series *Knight Rider* and then received worldwide attention as the star of *Baywatch*.

Another notable cast member is Kelli O'Hara, who makes here Broadway debut in the ensemble of **Jekyll & Hyde**, but soon thereafter had a starring role in *Sweet Smell of Success* with John Lithgow. She has since been nominated 4 times for best actress Tony Awards® in *The Light in The Piazza*, *Pajama Game*, *South Pacific* and *Nice Work If You Can Get It*.

Jekyll & Hyde debuted at Houston's Tony Award-winning Alley Theatre, breaking box office records and playing to sold-out houses. A recording based upon this production was released and yielded the singles "Someone Like You" and "This is the Moment". **Jekyll's** success story gained momentum when stars such as Liza Minnelli and The Moody Blues started performing and recording songs from the show. Atlantic Records then recorded a new version of the complete score. **Jekyll & Hyde** yielded its third recording with the release of the original Broadway cast album, also available on Atlantic Records.
